

# Hong-Quan (Holden) Zhang

Address: 800 S Tucker Dr, Tulsa, OK 74104; Tel: 918-631-5142; Email: [hong-quan-zhang@utulsa.edu](mailto:hong-quan-zhang@utulsa.edu)

## Areas of Expertise

Multiphase Flow in Wells and Pipelines, Artificial Lift, Heat and Mass Transfer, CFD, Heavy Oil and Emulsion Rheology, Oil and Gas Production, and Flow Assurance

## Degrees Earned

**1988:** PhD, Mechanical Engineering (Fluid Mechanics), Tianjin University, China

**1985:** MSc, Mechanical Engineering (Thermal Energy), Xian Jiaotong University, China

**1982:** BSc, Mechanical Engineering (Thermal Energy), Xian Jiaotong University, China

## Experience

Currently: Professor, McDougall School of Petroleum Engineering, the University of Tulsa, Director, Tulsa University Artificial Lift Projects (TUALP, [www.tualp.utulsa.edu](http://www.tualp.utulsa.edu))

9/2007-9/2012: Director, Tulsa University High-viscosity Oil Projects (TUHOP)

6/2008-8/2008: Visiting Professor, Chevron ETC

8/2003-8/2015: Assistant Professor, Associate Professor, the University of Tulsa

8/2003-4/2012: Associate Director of Tulsa University Fluid Flow Projects (TUFFP)

5/1998-8/2003: Senior Research Associate, TUFFP and Tulsa University Paraffin Deposition Projects (TUPDP)

12/1994-5/1998: Associate Professor and Professor, Tianjin University, China

1/1993-12/1994: Alexander von Humboldt Research Fellow, Max-Planck-Institute of Fluid Mechanics and German Aerospace Research Establishment, Göttingen, Germany

9/1988 – 1/1993: Lecturer and Associate Professor, Tianjin University, China

## Professional Memberships

- Member, Society of Petroleum Engineers (SPE) #3007014, 1998-present
- Member, American Society of Mechanical Engineers (ASME) #6729529, 1999-2002, 2013
- Member, American Institute of Chemical Engineers (AIChE) #90153106, 2002
- Member, American Institute of Aeronautics and Astronautics (AIAA) #169830, 1998-1999

## Awards and Prizes

**2011:** Outstanding Associate Editor Award (SPE Journal)

**2007:** Zelimir Schmidt Award for Outstanding Research, College of Engineering and Natural Sciences, the University of Tulsa

**2001:** ASME Jacobson Best Paper Award, USA

**1996:** Tianjin Excellent New Product Prize, China

**1993:** Alexander von Humboldt Research Fellowship and Equipment Awards, Germany

**1991:** State Education Commission Scientific and Technological Advancement Prize, China

## Publications

### Peer-Reviewed Journals

1. H.-F. Gu, Q. Chen, H.-J. Wang and **H.-Q. Zhang**, 2015, "Condensation of a Hydrocarbon in the Presence of a Non-Condensable Gas: Heat and Mass Transfer," *Applied Thermal Engineering*, **91**, pp. 938-945.

## **Research Projects**

1. Director, Tulsa University Artificial Lift Projects (TUALP), Research Consortium Funded by Several Oil and Equipment Companies. Current budget about: \$800,000/Year. Since 2012.
2. PI, Tulsa University High-viscosity Oil Projects (TUHOP), JIP Funded by Chevron and Five Other Oil Companies. Fund: \$3,200,000. 2007-2012.
3. Associate Director, Tulsa University Fluid Flow Projects (TUFFP), Research Consortium Funded by 16 Oil and Gas Companies, Various Projects on Multiphase Flow in Wells and Pipelines, Budget about \$750,000/Year. 2003-2012.
4. PI, "Droplet Dynamics in Multiphase Flow" Funded by Chevron TUCoRE. Fund: \$144,000. 2006-2008.
5. PI, "Pressure Wave Propagation Technique for Flowline Blockage Detection" Funded by Shell International. Fund: \$120,796. 2004-2005.
6. PI, "Measurements of 3-D Multiphase Flow Structures Using NMR" Funded by Chevron TUCoRE. Fund: \$74,000. 2004-2005.
7. PI, "Optimization of Corrosion Inhibitor Injection in Flowlines" Funded by Chevron TUCoRE. Fund: \$90,000. 2006-2007.
8. PI, "Preventing Hydrate Reformation in Wellbore" Funded by Chevron TUCoRE. Fund: \$50,000. 2007.
9. Co-PI, "Development of Next Generation Multiphase Pipe Flow Prediction Tools," Funded by DOE. Fund: \$731,995. 2003-2008.
10. PI, "Slug Tracking Modeling in Gas-Liquid Pipe Flow," Research Project for Texaco, Fund: \$19,460. 2000.

## **Courses Taught**

1. Flow Assurance (undergraduate)
2. Production Engineering I (undergraduate)
3. Production Engineering II (undergraduate)
4. Production Lab (undergraduate)
5. Two-Phase Flow Modeling (graduate)
6. Advanced Production Design (graduate)
7. Transient Multiphase Production Design (graduate)
8. Artificial Lift (short course)
9. Multiphase Flow Modeling (short course)

## **Professional Service Activities**

- 2013 SPE ATW Committee
- ABET Review Coordinator, Since 2012
- E&NS College Dean Search Committee, 2012
- ACE Internationalization Laboratory Steering Committee, 2009-2011
- Associate Editor, SPE Journal, from 2007
- Associate Editor, ASME JERT, from 2011
- Chair of Undergraduate Curriculum Committee, 2011-2012
- Graduate Advisor, Department of Petroleum Engineering, The University of Tulsa, 2006-2009
- Coordinator of Graduate Seminar, Department of Petroleum Engineering, The University of Tulsa, 2003-2006
- Reviewer for Journals, including International Journal of Multiphase Flow, SPE Journals, Journal of Petroleum Science and Engineering, ASME J. Energy Resources Technology, Computer Methods in Applied Mechanics and Engineering, J. Applied Mathematics and Physics, Asian-Pacific Journal of Chemical Engineering

- Discussion Leader on Emulsion, SPE Forum “Multiphase Capabilities in Frontier Environments,” Sainte Maxime, France, September 2003
- Symposium Session Co-Chair, ASME ETCE2000 Petroleum Production Technology Symposium, New Orleans, February 2000
- Deputy Chair of Department of Mechanics, Tianjin University, 1996-1998
- Vice Board Chair of the Seventh Council of Tianjin Society of Mechanics, 1997
